
POLICE AUTO TOWED IN

Captain Baty Himself Drives Patrol
Wagon to Rescue.

A report was turned in to police headquarters yesterday morning that the Yale Laundry had been entered. Three men were sent out in the police automobile. After they had found that the burglary amounted to nothing, the auto broke down.

A call for relief was sent to headquarters, and as Captain Baty and one patrolman were the sole occupants of the station, the Captain hitched the patrol wagon and towed the wrecked auto back to headquarters.
