### WONDERED WHY

Found the Answer Was "Coffee."

Many pale, sickly persons wonder for years why they have to suffer so, and eventually discover that the "drug"—caffeine—in coffee is the main cause of the trouble.

"I was always very fond of coffee and drank it every day. I never had much flesh and often wondered why I was always so pale, thin and weak."

"About five years ago my health completely broke down and I was confined to my bed. My stomach was in such condition that I could hardly take sufficient nourishment to sustain life."

"During this time I was drinking coffee, didn't think I could do without it."

"After awhile I came to the conclusion that coffee was hurting me, and decided to give it up and try Postum. I didn't like the taste of it at first, but when it was made right—boiled until dark and rich—I soon became very fond of it."

"In one week I began to feel better. I could eat more and sleep better. My sick headaches were less frequent, and within five months I looked and felt like a new being, headache spells entirely gone."

"My health continued to improve and today I am well and strong, weigh 145 lbs. I attribute my present health to the life-giving qualities of Postum."

"There's a Reason."
